

HITCHINDENTALCARE

The Hitchin Dental Practice

AN EXCLUSIVE INVITATION

For all the dentists at your practice

Diagnosis and Assessment of Endodontic Complexity

A study club at Hitchin Dental Care

Hosted by Dr Wisam Sarsam

Specialist Endodontist

GDC No. 210115

Wisam is our new Specialist Endodontist, who is able to accept all types of root canal cases, from simple to complex. Graduating from the University of Newcastle in 2011, and after working a number of years in general practice, he went on in 2015 to pursue his interest in endodontics. Since then, he has worked as a registrar and a clinical lecturer in endodontics at Liverpool Dental Hospital.

He also enjoys all aspects of restorative dentistry, including the placement and restoration of implants, as well as the management of anxious patients and is able provide treatment under sedation. Currently, Wisam provides endodontics in and around London and is undertaking a doctorate degree investigating the molecular mechanisms linking diabetes to endodontic infection.

At Hitchin Dental Care, Wisam took over from Alex Falanga, who was previously with the practice for many years.

Venue: Hitchin Dental Care, 5 Paynes Park, Hitchin, Herts SG5 1EH

Date: Tuesday 20 November 2018 **Time:** 6.30–8.30pm **CPD:** 2 hours
